Programme: B.Sc. Mathematics

Suggestions given by the stakeholders	Action taken	Remarks
Students: Students suggested to give coaching classes for competitive Exams.	Competitive exams coaching classes are conducted in our college by Mahendra Training Centre for Competitive examination	This training sessions are very useful and students got benefited
Alumni: Alumni suggested to teach value-added courses to enrich students' knowledge.	Taught value-added courses in order to enrich students' knowledge	Helps the students to enrich their knowledge
Faculty: Faculties suggested to enhance the syllabus with practical applications and employability skills oriented subjects.	Added relevant content in all the core papers and modified the syllabus as per the faculties' feedback in BOS.	Students gain more practical knowledge in their subjects.

MAHENDRA ARTS & SCIENCE COLLEGE (Autonomous)

Affiliated to Periyar University, Salem.

Accredited by NAAC with 'A' Grade & Recognized u/s 2(f) and 12(B) of the UGC Act 1956
Kalippatti - 637 501, Namakkal (Dt), Tamil Nadu.

DEPARTMENT OF MATHEMATICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

Programme: M.Sc. Mathematics

Suggestions given by the stakeholders	Action taken	Remarks
Students: Students suggested to include skill based and computer oriented syllabus.	Included EDC/ELECTIVE Syllabus.	Students got benefited
Alumni: Suggested to give recent trends in the syllabus.	Updated the syllabus with recent trends	Students gain exposure to recent trends
Faculty: Faculties suggested to include NET/SET exam and bank exam syllabus in the curriculum.	Included SSC and bank exam syllabus	Students got wide knowledge and have no fear for the exams.

DEPARTMENT OF MATHEMATICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2019-2020

Programme: M.Sc. Mathematics

Suggestions given by the stakeholders	Action taken	Remarks
Students: Students suggested to conduct competitive examinations coaching.	Conducted coaching classes for competitive Examinations by M-TRACE.	Students got benefited by the new programme.
Alumni: Suggested to conduct various coaching classes to enrich students' knowledge in solving problems.	Conducted various coaching classes	Students got exposure to current updates and got wide knowledge in solving problems
Faculty: Suggested to include more contents in core papers enriching students' logical thinking	Included contents in the core papers exposed to logical thinking	Students acquire logical thinking power along with their subject knowledge

DEPARTMENT OF PHYSICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

Programme: B.Sc. Physics

Suggestions given by the stakeholders	Action taken	Remarks
Students: The present syllabus covers all aspects of Physics, In addition with the above it focuses recent technologies. More Practical oriented papers may be incorporated in near future. Outcome based education (OBE) and CBCS pattern may be appreciated. The revised pattern of the question paper is also highly satisfactory.	Practical oriented papers such as Wave and Optics and Heat and thermodynamics have been included with respect to the current scenario.	More list of papers that deal about Advanced level Physics, Engineering Physics are under consideration for further improvement.
Alumni: The syllabus and curriculum should have industrial oriented problems based papers for job opportunities. Outcome based education (OBE) and CBCS pattern may enhance the inherent behaviors of the students. The revised pattern of the question paper is also highly satisfactory.	The novel Industrial Oriented courses such as Bio Physics, Solar Energy have been incorporated as electives as well as SBEC.	By bearing in mind the suggestion given by alumni the papers such as Laser and spectroscopy and Radiation Physics may be incorporated
Faculty: The syllabus have been framed according to the needs of the students also may focus problem oriented papers. Outcome based education (OBE) along with CBCS pattern will be highly helpful for their employability.	Necessary modifications in Materials science and Physics in Every day life have been carried out	Problem oriented courses like Nuclear and Particle Physics are under consideration for further improvement of the syllabus.

DEPARTMENT OF PHYSICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2018-2019

Programme: B.Sc. Physics

Suggestions given by the stakeholders	Action taken	Remarks
Students: The present syllabus covers the entire platforms of Physics in all aspects, moreover, focuses recent technologies along with green community. More Practical oriented papers may be incorporated. CBCS pattern may be appreciated.	The syllabus has been revised with the papers such as electrical appliances, optics, Laser and spectrophysics have been included with respect to the current scenario.	As per the suggestion given the papers such as Medical Physics, Computational Physics, Elemental Physics, etc., are under consideration for further improvement.
Alumni: The syllabus and curriculum may contain the industrial and problem oriented papers for job opportunities.	The introduction of Nondestructive testing, Ultrasonics and applications, Bio Physics have been incorporated as electives as well as SBEC.	Papers that covers recent technologies such as AstroPhysics, Nano Physics, Communication may be incorporated in the forthcoming semesters
Faculty: The syllabus full fill the the needs of the students also in near future it may focus problem oriented papers.	Necessary modifications in Quantum Mechanics, Mathematical Physics and Electronic appliances have been carried out	Problem oriented portions that includes quantum mechanics and solid state Physics are under consideration for further improvement of the syllabi.

DEPARTMENT OF PHYSICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2018-2019

Programme: M.Sc. Physics

Suggestions given by the stakeholders	Action taken	Remarks
Students: In near future the syllabus may focus industrial oriented problems for job opportunities. CBCS pattern may be appreciated.	The syllabus has been revised and X-ray crystallography, Mathematical Physics into two parts have been added as electives.	As per the suggestion given by the students, the industrial oriented papers like Nanoscience and technology, Computational Physics which include more number of problems are under consideration.
Alumni: The syllabus and curriculum may focus the industrial oriented problems for job opportunities.	Industrial Oriented papers such as Nuclear and particle Physics, Atomic Physics, Bio Physics, etc., have been incorporated as electives as well as SBEC.	Novel courses such as Ration Physics along with Communication Physics are under consideration
Faculty: The syllabus has been framed based on the needs of the students for their employ ability also may focus problem oriented papers.	Necessary modifications in Quantum Mechanics, Mathematical Physics and Electronic appliances have been carried out	Problem oriented portions that includes quantum mechanics and solid state Physics are under consideration for further improvement of the syllabi.

ACTION TAKEN REPORT

ACADEMIC YEAR 2017-2018

Programme: M.Sc. Physics

Suggestions given by the stakeholders	Action taken	Remarks
Students: In near future the syllabus may focus industrial oriented problems for job opportunities. CBCS pattern may be appreciated.	The syllabus has been revised and Elements of Physics, X-ray crystallography have been added as electives.	More industrial oriented papers which deals Radiation, Environmental problem, Green technology are under consideration.
Alumni: The syllabus and curriculum may focus the industrial oriented problems for job opportunities.	Industrial based papers such as Nuclear Physics, Mechanics, properties of Matters have been incorporated as electives as well as SBEC.	Additional new papers such as Electron theory, Computational Physics, Nano Physics, Communication are under consideration
Faculty: The syllabus has been framed in order to full fill the needs of the students also may focus problem oriented papers.	Necessary corrections in Mathematical Physics have been carried out	Problem oriented portions that includes Advanced level Physics, Physics in every day life are under consideration for further improvement of the syllabi.

Head of the Department
Dr. V. HARIHARAN, M.Sc., M.Phil., Ph.D.,
Asst. Professor & Head,
Department of Physics,
Mahendra Arts & Science College,
Kalippatti

Kalippatti - 637 501, Namakkal (Dt), Tamil Nadu.

DEPARTMENT OF PHYSICS

ACTION TAKEN REPORT

ACADEMIC YEAR 2016-2017

Programme: M.Sc. Physics

Suggestions given by the stakeholders	Action taken	Remarks
Students: In near future the syllabi may focus industrial oriented problems for job opportunities. CBCS pattern may be appreciated.	The syllabus has been revised and X-ray crystallography, Mathematical Physics into two parts have been added as electives.	More industrial oriented papers like Nanoscience and technology, Computational Physics which include more number of problems are under consideration.
Alumni: The syllabus and curriculum may focus the industrial oriented problems for jobs.	Industrial Oriented papers such as Nuclear and particle Physics, Atomic Physics, Bio Physics, etc., have been incorporated as electives as well as SBEC.	Additional new papers such as AstroPhysics, Nano Physics, Communication are under consideration
Faculty: The syllabus has been framed according to the needs of the students also may focus problem oriented papers in near future.	Necessary modifications in Quantum Mechanics, Mathematical Physics and Electronic appliances have been carried out	Problem oriented portions that includes quantum mechanics and solid state Physics are under consideration for further improvement of the syllabi.

Head of the Department

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

Programme: B.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Upgrade the syllabus to improve the industrial employability.	Discussed in the board of studies meeting and planned to introduce new courses accordingly.	Implemented
Alumni: Skill development and employability improving courses can be included in the curriculum.	It has been discussed in the board of studies meeting and planned to introduce new courses accordingly.	Implemented
Faculty: Inclusion of advanced technologies in the curriculum based on skill developments.	It has been discussed and decided to upgrade the course in the program.	Implemented

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

Programme: M.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Students suggested incorporating the course which improves their skills on research fields and the topics useful in the competitive examinations.	Comprehensive Examination-I & Comprehensive Examination-II and Organic Synthesis & Rearrangements, Organic Spectroscopy, Stereochemistry & Reaction Mechanism subjects are included in the 2019 syllabus. Research Methodology subject and projects are introduced in the final semester.	Students acquired knowledge and have capability to attend competitive examinations. Students gained skills in research.
Alumni: Alumni members suggested to include industrial job related topics.	Dye Chemistry, Water Chemistry, Textile Chemistry & Nano Chemistry subjects are included in the 2019 syllabus	Students enhanced more employability.
Faculty: Suggested give importance to the practical skills.	Semester wise practical introduced in the 2019 regulation.	Students get more practical knowledge.

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2019-2020

Programme: M.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Aspired to give importance to advanced instrumentation topics and skill related subjects and topics familiar to attend competitive examinations.	Nanochemistry, Computational Quantum chemistry, Comprehensive Examination-I & Comprehensive Examination-II included in the 2019 curriculum.	Students get adequate knowledge in advanced instrumentation, skills & capability to attend competitive examinations.
Alumni: Suggested to implement basic skills in research & include topics base to attend competitive examinations.	Research Methodology subject and projects are introduced in the final semester. Organic Synthesis & Rearrangements, Organic Spectroscopy, Stereochemistry & Reaction Mechanism subjects are included for competitive	Students gained basic skills in research. Students get basic knowledge related to the competitive examinations.
Faculty: Faculty members are suggested to include advanced trends in the syllabus.	Nanochemistry, Computational Quantum chemistry, Green Chemistry subjects are included.	Students enrich knowledge on advanced trends in chemistry

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2018-2019

Programme: M.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to give importance to research related and job oriented topics.	Scientific Research Methodology, Applied Electrochemistry, Green Chemistry, Green Manufacturing Technology & Nanotechnology in Chemical Industry subjects are introduced in the 2016 regulation.	Students have gained knowledge on research & employability.
Alumni: Value added course could be incorporated in the curriculum.	Value added course - General Trends in applied Chemistry is introduced.	Students get benefited in research ideas and presentation in class room
Faculty: Suggested to include employability skill and research related subjects.	Scientific Research Methodology, Applied Electrochemistry, Green Chemistry, Green Manufacturing Technology & Nanotechnology in Chemical Industry subjects are introduced in the 2016 regulation.	Students get knowledge on research & employability.

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2017-2018

Programme: M.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to include the topics related to recent trend in chemistry & topics related to face the competitive examinations	Green Chemistry, Green Manufacturing Technology & Nano technology in Chemical Industry subjects are introduced in the 2016 regulation. Implemented special coaching classes for students to face the competitive examinations.	Students have upgraded their knowledge on recent technologies in chemistry and competitive examinations.
Alumni: Requested to provide topics for developing laboratory skills.	Applied Electrochemistry, Catalysis & Material Science subjects are introduced in the 2016 regulation also planned to introduce more new practical experiments.	Students have developed their laboratory skills.
Faculty: Recommended to include Entrepreneur courses and advanced instrumentation techniques.	Nanotechnology in Chemical Industry, Catalysis & Polymer Chemistry papers are introduced in the 2016 regulation & It has been discussed and decided to include a value added program Entrepreneurship in Chemistry.	Students are gained entrepreneur skill and the advanced instrumentation techniques

DEPARTMENT OF CHEMISTRY

ACTION TAKEN REPORT

ACADEMIC YEAR 2016-2017

Programme: M.Sc. Chemistry

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested that the curriculum can have some advanced instrumentation related topics.	Electrochemistry, Spectroscopy & Analytical techniques paper is introduced in the 2016 regulation.	Students are gained knowledge about the advanced instrumentations
Alumni: Suggested that the curriculum need to be updated to utilize the skill based courses & to incorporate inter disciplinary topics.	Polymer Chemistry, Physical Organic Chemistry, Nanotechnology in Chemical Industry, Bioorganic & Medicinal Chemistry & Nuclear Chemistry papers are introduced in the 2016 regulation.	Students are benefited by acquiring knowledge from the skill based courses and inter disciplinary topics.
Faculty: Suggested to conduct special coaching classes for facing competitive examinations and introduce employability based papers.	Nanotechnology in Chemical Industry, Catalysis & Polymer Chemistry papers are introduced in the 2016 regulation. Implemented special coaching classes for students to face the competitive examinations.	Students acquired the knowledge about employability and skills to face the competitive examinations.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

Programme: B.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to introduce job oriented courses like medical coding human physiology in the curriculum.	To be discussed in the next BOS meeting to introduce the medical coding human physiology courses.	--
Alumni: Suggested to provide the training programme for spoken English	Professional English I and II for life sciences are introduced in the revised syllabus.	Life sciences related skills are improved among the students.
Faculty: Suggested to improve the communicative skills.	VAC-Techniques of Communicative Skills are already introduced in the 2019 regulation. The Placement cell provides training on communication and soft skills for placement and insists on employability skills development.	Enriched with communicative skills.

Kalippatti - 637 501, Namakkal (Dt), Tamil Nadu.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2019-2020

Programme: B.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to introduce some certificate courses	Introduced the mushroom cultivation, bio-fertilizer production and vermin-compost preparation certificate courses.	Students are enriched the practical knowledge for enhancement of employability and entrepreneurship.
Alumni: Suggested to provide the placement training tips and facilities for biotechnology students. They also requested to include the internship or hands on training during the semester holidays.	The Placement cell provides training on communication skills and conducts mock interviews and group discussion as part of preparing the students for placement and insists on employability skills development. Hands on training provided to final year students in the field of Plant and Animal tissue culture and bioprocess technology.	Students get adequate knowledge and employability.
Faculty: Suggested to revise the curriculum to support the learning activities like internship, projects, seminar presentations, based on the employable skill and help to improve the knowledge for preparation of state and central Government exams.	Group projects are introduced in the final semester. Plant science, Animal science and other life-sciences courses introduced in the 2019 regulation for preparation of competitive exams.	Students acquire practical knowledge in their subjects.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2018-2019

Programme: B.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to arrange the industrial visits specifically in the biotechnology industries.	Arranged the industrial visits in the following biotechnology fields like Animal cell culture, food science, poultry science and meat science at Namakkal veterinary research institute.	Students gain practical knowledge from these research laboratories.
Alumni: Suggested to conduct more campus drive related to biotechnology companies.	Placement and training cell is arranged many medical coding companies for campus drive particularly for biotechnology students.	Mostly students get the job opportunity through these campus drives.
Faculty: Suggested to introduce the semester wise practical in the curriculum.	Semester wise practical's introduced in the 2019 regulation.	Students get more practical knowledge.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2017-2018

Programme: B.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to include the job oriented courses in the syllabus. To more placement training and industrial visits.	The job oriented courses- Agricultural biotechnology, Mushroom cultivation; Vermi-compost and Apiculture etc., introduced in 2016 regulation. The placement officer concentrates more on medical coding companies for biotechnology student's job opportunities.	Enhance more employability. Enhance more employability.
Alumni: Suggested to introduction of more employability courses.	The employability courses are introduced as elective, SBEC and NMEC in the 2016 regulation.	Enrich knowledge and employability.
Faculty: Suggested to introduce life skill oriented courses in the curriculum.	The Manavalakalai – Yoga is introduced.	Students get benefited in the following aspects like good health, mental hygiene, emotional stability, integrates moral values and higher level of consciousness.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2016-2017

Programme: B.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to introduce skill oriented courses.	Mushroom Cultivation, Bio-fertilizer production and Vermi-compost preparation courses are introduced in 2016 regulation.	Enhance the employability and entrepreneurship.
Alumni: Suggested to introduce botany, zoology related courses in the syllabus.	The plant biology and Animal biology has introduced in II and III Semester of 2016-17 regulation of the curriculum	Very useful to understand fundamentals in the plant biology and animal biology.
Faculty: Suggested to enhancing the student's self-employability through introduction of new courses. To enrich the tutor ward system.	Self-employability courses like Nursery and Gardening, Herbal Technology, Applied Biotechnology, Agricultural Biotechnology, Food Biotechnology and Biofertilizer Technology are introduced in 2016 regulation. The class in- charges are provide the guidance and suggestions to the students towards the academic and personal issues.	Students gained more employable skill through these courses Faculties are guiding the wards in academic as well as personal aspects.

ACTION TAKEN REPORT

ACADEMIC YEAR 2019-2020

Programme: M.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Students suggested that they need hands on training programme.	Skill development courses like mushroom cultivation, bio-fertilizer production and vermicomposting has been introduced in the value added courses.	Students gained entrepreneurship skills.
Alumni: Suggested to improve the syllabus related to job orienting and arrange many industrial visit related to this field.	Employability and skill oriented courses introduced in the revised syllabus as core, elective courses. Every year students visit many research industries like cattle breeding, food science, animal cell culture Salem diary etc..	Students gain the knowledge from employability skill oriented courses and also get the exposure from research industries.
Faculty: Faculties suggested that to include the job oriented courses in the syllabus	The following job oriented courses Clinical Biochemistry, Aquaculture, Apiculture, Horticulture and Agro Biotechnology are introduced in the 2019 regulation.	Students got adequate knowledge and employability

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2018-2019

Programme: M.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested that they need extra coaching for competitive exam.	MTRACE coaching class introduced.	Students get benefited in the preparation for competitive exam.
Alumni: Suggested to add CSIR NET/SET related syllabus	The syllabus has revised based on the needs of stakeholder's suggestions. The following courses are introduced plant and animal biotechnology, biostatistics, immunology, microbiology genetic engineering etc.	Students have gained the knowledge for preparation of CSIR NET/SET exam and other competitive examination.
Faculty: Faculties suggested that modified the syllabus as per current scenario of the life science field.	Modified the syllabus as per faculty feedback Introduced the following courses like cancer biology, nanotechnology, proteomics and genomics.	Students gained the knowledge about current trends in biological science field.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2017-2018

Programme: M.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to conduct more industrial visit and include the job opportunity related courses.	Students have visited various Government research center in and around Tamil Nadu. The following employable and self-employable oriented courses like Soil Science, Human Physiology, Horticulture, Clinical Biochemistry, Aquaculture, Vermicomposting Technology, Health care and environmental biotechnology and Apiculture are introduced in the 2016 regulation	This industrial visit is very useful to the student for gaining the practical skill. Students acquire the employable and self-employable skills
Alumni: Alumnus suggested for smart classes in the practical session.	Faculty members handle their practical session through video lecture in the following animal cell culture, plant tissue culture, molecular biology, genetic engineering practicals.	Students easily understand the concept of the particular topics.
Faculty: Faculties suggested revising the syllabus as per current research trends.	The relevant core paper Research methodology & Research Proposal Development is introduced in 2016 regulation as per the faculty feedback in BOS meeting.	Students gained more research knowledge in the introduced employability oriented courses.

DEPARTMENT OF BIOTECHNOLOGY

ACTION TAKEN REPORT

ACADEMIC YEAR 2016-2017

Programme: M.Sc. Biotechnology

Suggestions given by the stakeholders	Action taken	Remarks
Students: Suggested to introduce skill oriented courses and internship	Internship and skill oriented courses like Soil Science, Human Physiology, Horticulture Industrial safety and Clinical Biochemistry are introduced in the 2016 regulation.	Students gain the practical knowledge as well as employable and self-employable skills.
Alumni: Suggested to introduce medical coding courses	Human physiology and Bioinformatics courses are introduced in 2016 regulations.	Get the knowledge in the medical coding concerns.
Faculty: Suggested to encourage the students for more number of participation in the extension activity.	Students are actively participating in the extension activity program along with the faculty members. The Placement cell provides training on various soft skills, tips, conducts mock interviews and group discussion for overcoming the competency in the job market.	Students take part in the social activities. They are acquire the confidence level to access the employability
