Office of the Controller of Examinations

Examination Automation Manual

The automated examination management system is a smart and scalable solution which automates each task related to examination effortlessly. The Examination automation system was introduced in the year 2015-2016 with a view to facilitate Examination activities through a dedicated platform, keeping its innovative approach of examination and speedy error-free output.

The Examination Automation System (**COXCO**) was designed and developed using UBUNTU Operating System and PHP with MYSQL server for database by ESSVEE Systems & Software, Coimbatore. The scope of the entire work has been elaborated under various sections and sub-sections which were developed and designed as per the examination ordinance and guidelines. The system had been operational in a phased manner and our requirements validated by them up to the expectation of the Examination Section.

The following processes are done through the COXCO software:

- Students Bio Data entry
- Programme / Semester wise subjects and credits entry
- Students Nominal Roll entry
- Exam application generation
- Exam time table preparation
- Hall Ticket generation
- Seating arrangements
- Internal Marks Updating
- Central valuation - External Mark Updating
- Result processing
- Semester / Consolidate Mark sheet generation
- Generation of eligible candidates list for award of Degree
