Promotions**

General

Principles of Performance Management System

The System Basis

Performance Planning

Assessment, Recognition, Reward

Consequences of Performance Assessment

Promotions

**General**

MASC strongly believes in the assessment system. Yearly assessments are made with a view to appraise the performance in order to recognize / appreciate / reward deserving employees, make efforts to bring under-performers to satisfactory levels of achievements and replace non-performers.

The MASC Performance Management System comprises of performance planning, feedback & counseling system, assessment, recognition and capacity enhancement mechanisms.

Performance assessment is based on the performance objectives and value-based behaviour in job management. Students Feedback is also considered as per **Annexure IV**. It is the policy of MASC to encourage its staff to develop their skills and potential.

**Principles of Performance Management System**

- a. Link plans to the Short- term goals which are in line with the overall vision and mission of the Organisation as well as its immediate strategic objectives.
- b. Focus on priority results (not routine activities) related to strategic objectives.
- c. Ensure regular feedback from colleagues and students.
- d. Link Annual Incentive and / or Increment to performance appraisals / results.

## The System Basis

The basis of the system is the Job description.

## Performance Planning

This involves selection of achievable and result-based objectives from the short term organizational plan.

- a. Performance plan for the year for each employee will be prepared in April-June each year specifying realistic objectives and respective results to be achieved.
- b. These can be stated as Key Result Areas (KRA) for the Staff. Against these Key Result Areas, indicators should be specified.
- c. This plan is to be worked out in consultation with the immediate supervisor / HOD and approved by the principal.
- d. It should then be signed by the employee and a copy given to him / her and another filed in the respective personal file. A digital file equivalent is also equally acceptable.
- e. The employees should revisit their approved performance plans at least once in a quarter along with the supervisor to ensure that result achievements are progressing satisfactorily.

## Assessment, Recognition, Reward & Penalty

Annual performance appraisal is conducted at a time fixed by the organization. This is very important as it is during this exercise that the employee's achievements / shortfalls of their performance objectives and results for the year are critically measured based on the set objectives and the findings of the quarterly / half yearly reviews. Each employee will be rated for his / her performance on pre-determined common scale. **Faculty Appraisal is done as per Annexure II.**

## Consequences of Performance Assessment

- a. If an employee fails to perform as per his / her performance plan, the HoD shall draw up a Performance Improvement Plan for the employee concerned for a period of six months. During this period the employee is required to improve his / her performance to the expected level.
- b. Failing to meet these expectations within the stipulated / extended time frame, the employee may be terminated from service. However, the ultimate decision rests with the Principal & the Chairman.

### Promotions

Promotions to higher positions are based on competencies, past performance and on merit. Hence, on promotion the individual's work profile and responsibility will change. The organization always considers the UGC rules and regulations in this matter.

For Non-Teaching staff, time-bound Grade Promotions as stipulated in the Pay Revision is granted along with performance criteria.
