Report: Plastic pollution is caused due to the accumulation of the waste plastic material in the environment. Plastic is a non bio-degradable substance. It doesn't get disposed off in the soil or water and its effect is worse when burnt. It is thus a challenge to dispose it off. It remains in the environment for hundreds of years and causes air, water and land pollution. It is hazardous for the humans, animals as well as the plants. Several animals, birds and marine creatures die due to plastic pollution each year.

To create awareness about Plastic waste the Faculty members and the students of Computer Science and Applications department have organized a rally "**Say no to Plastic**" on 18.08.2018 in Elampillai. We have started the rally by 10.00 am in Elampillai Santhaipeitai via Government Hospital and Bus Stand finally reached the Santhaipeitai. The rally is headed by Mrs.M.Sumathi, Head Computer Science and Applications. 50 Students have Participated accompanied by 4 Faculty members.
