Memorandum of Understanding
on Research and Consultancy between
Star Micro Lab, Salem, India

and

Department of Biotechnology, Mahendra Arts & Science College, Namakkal

This memorandum sets out the terms of an agreement between Star Micro Lab to plan collaborative research, educational and training activities of mutual interest. Where appropriate and as mutually agreed upon, to jointly seek sources of external support to fund these planned collaborative efforts.

ARTICLE 1

Collaborative Activities

PRINCIPAL
MAHENDRA ARTS & SCIENCE COLLEGE
(Autonomous)
Kalippatti (PO) - 637 501, Namakkal (DT)

The cooperation may concern any field or subject upon which the parties agree. It will include various activities, such as:

1. Training of researchers

The collaborating institutions recognise that there are considerable benefits when researchers are provided with opportunities for conducting research between institutions. Arrangements to this end are considered on a case-to-case basis. It is agreed that as practicable, post-graduate-level research and doctoral degree training will be considered an essential component for inclusion in the MOU.

2. Collaborative research

It is recognised that significant opportunities will exist for cooperative scientific research at the collaborating institutions. Research activities require specific arrangements. In view of the importance of co-operative research, collaborating institutions agree to give a high priority to this within their overall relationships.

3. Exchange of scientific information and publications.

Collaborating parties agree to exchange as widely as is practicable such items as scientific publications and journals, e-books, course outlines and reference materials. Each institution will respect the other's policies on copyright and intellectual property.

4. Industry - Academia Collaboration

It is recognised that partnership with commercial enterprises generates benefits for the participating institutions. These activities bring balance between theory and practice providing challenges to the faculty and students. In the framework of this MOU, Industry – Academia partnerships can be developed into joint research projects.

ARTICLE 2

Scheduling Governing Activities

Specific mechanisms for the implementation of particular co-operative activities shall be established and described in the corresponding Appendixes to this MOU. Under normal circumstances all expenses such as travel, living and allied costs will be the responsibility of the host institution.

ARTICLE 3

Financing Collaboration

The collaborating institutions shall endeavour to seek finance for joint activities from sources available to them. Both the parties shall approach funding agencies and donors for financing the joint collaborative activities.

ARTICLE 4

Regulations of Governing Activities

All activities developed under the auspices of this MOU will respect and uphold the corresponding norms, traditions and regulations of the collaborating parties.

ARTICLE 5

Modification and Termination of the MOU

This MOU may be modified at any time if circumstances arise which call for any alteration, subject to the approval of both parties. In case of any proposal to modify the MOU, two months' written notice shall be given to the other party. This MOU may be terminated by either party on six months written notice without prejudice to the persons already engaged in a current programme of exchange.

ARTICLE 6

Duration and Renewal of the MOU

This MOU shall take effect for a period of 2 years upon the date of the final signature and will remain valid until one party notifies the other of its wish to terminate the MOU, the minimum notice for such termination being six months. Further continuance of this MOU will be subject to a joint agreement and review by both parties to be undertaken prior to the expiry of this MOU.

ARTICLE 7

Dispute Resolution

In the event of a dispute under this MOU, the parties shall exhaust alternative dispute resolution models such as negotiation and mediation before employing other forms of dispute resolution such as arbitration or adjudication. Parties shall act in good faith to resolve the dispute.

ARTICLE 8

Contact Officers

The parties appoint Dr. T. Selvankumar, Head, Department of Bio-Technology, Mahendra Arts and Science College, Kalipatti and Mr.R.Selvakumar, Managing Director, Star Micro Lab - Salem as Contact Officers. The Contact Officer for each party is authorised to act for that party in relation to this MOU and is the first point of contact for the other party. If a party wishes to change their Contact Officer that party will notify the other party in writing of the new contact details within 15 working days of the change.

PRINCIPAL
MAHENDRA ARTS & SCIENCE COLLEGE

Dear Professor,

I am very happy to inform you that I hereby, extend our collaboration with your research group. First, let me thank you for introducing potential faculty and students to my group. As you know pretty well, we published research papers and deposited several bacterial DNA sequences in NCBI database. I am looking forward for long term research collaboration with your group. It will be highly beneficial to the students as well as faculty in getting exposure to advanced techniques and productive publications. Also, it could be useful for collaborative research projects between our groups.

Thanks and Regards

(Dr. S. KAMALAKANNAN)

Memorandum of Understanding
on Research and Consultancy between
Vertis Bio Labs, Salem, India

and

Department of Biotechnology, Mahendra Arts & Science College, Namakkal

This memorandum sets out the terms of an agreement between Vertis Bio Labs to plan collaborative research, educational and training activities of mutual interest. Where appropriate and as mutually agreed upon, to jointly seek sources of external support to fund these planned collaborative efforts.

ARTICLE 1

Collaborative Activities

The cooperation may concern any field or subject upon which the parties agree. It will include various activities, such as:

1: Training of researchers

The collaborating institutions recognise that there are considerable benefits when researchers are provided with opportunities for conducting research between institutions. Arrangements to this end are considered on a case-to-case basis. It is agreed that as practicable, post-graduate-level research and doctoral degree training will be considered an essential component for inclusion in the MOU.

2. Collaborative research

It is recognised that significant opportunities will exist for cooperative scientific research at the collaborating institutions. Research activities require specific arrangements. In view of the importance of co-operative research, collaborating institutions agree to give a high priority to this within their overall relationships.

3. Exchange of scientific information and publications.

Collaborating parties agree to exchange as widely as is practicable such items as scientific publications and journals, e-books, course outlines and reference materials. Each institution will respect the other's policies on copyright and intellectual property.

4. Industry - Academia Collaboration

It is recognised that partnership with commercial enterprises generates benefits for the participating institutions. These activities bring balance between theory and practice providing challenges to the faculty and students. In the framework of this MOU, Industry – Academia partnerships can be developed into joint research projects.

ARTICLE 2

Scheduling Governing Activities

Specific mechanisms for the implementation of particular co-operative activities shall be established and described in the corresponding Appendixes to this MOU. Under normal circumstances all expenses such as travel, living and allied costs will be the responsibility of the host institution.

ARTICLE 3

Financing Collaboration

The collaborating institutions shall endeavour to seek finance for joint activities from sources available to them. Both the parties shall approach funding agencies and donors for financing the joint collaborative activities.

ARTICLE 4

Regulations of Governing Activities

All activities developed under the auspices of this MOU will respect and uphold the corresponding norms, traditions and regulations of the collaborating parties.

ARTICLE 5

Modification and Termination of the MOU

This MOU may be modified at any time if circumstances arise which call for any alteration, subject to the approval of both parties. In case of any proposal to modify the MOU, two months' written notice shall be given to the other party. This MOU may be terminated by either party on six months written notice without prejudice to the persons already engaged in a current programme of exchange.

ARTICLE 6

Duration and Renewal of the MOU

This MOU shall take effect for a period of 3 years upon the date of the final signature and will remain valid until one party notifies the other of its wish to terminate the MOU, the minimum notice for such termination being six months. Further continuance of this MOU will be subject to a joint agreement and review by both parties to be undertaken prior to the expiry of this MOU.

ARTICLE 7

Dispute Resolution

In the event of a dispute under this MOU, the parties shall exhaust alternative dispute resolution models such as negotiation and mediation before employing other forms of dispute resolution such as arbitration or adjudication. Parties shall act in good faith to resolve the dispute.

ARTICLE 8

Contact Officers

The parties appoint Dr. T. Selvankumar, Head, Department of Biotechnology, Mahendra Arts and Science College, Kalipatti and Dr. D. Shilpa, Technical Director, Vertis Bio Labs- Salem as Contact Officers. The Contact Officer for each party is authorised to act for that party in relation to this MOU and is the first point of contact for the other party. If a party wishes to change their Contact Officer that party will notify the other party in writing of the new contact details within 15 working days of the change.
