Examination Automation Manual

The automated examination management system is a smart and scalable solution which automates each task related to examination effortlessly. The Examination automation system was introduced in the year 2015-2016 with a view to facilitate Examination activities through a dedicated platform, keeping its innovative approach of examination and speedy error-free output.

The Examination Automation System (**COXCO**) was designed and developed using UBUNTU Operating System and PHP with MYSQL server for database by ESSVEE Systems & Software, Coimbatore. The scope of the entire work has been elaborated under various sections and sub-sections which were developed and designed as per the examination ordinance and guidelines. The system had been operational in a phased manner and our requirements validated by them up to the expectation of the Examination Section.

The following processes are done through the COXCO software:

➤ Students Bio Data entry

The information of the students DOB, Gender, Religion, Community, Nationality, Address, and Parents Contact details are collected and entered in Excel file Department wise. Import the Excel file converted in the COXCO Software with automated register number.

➤ Programme / Semester wise subjects and credits entry

Programme is made up of courses and each attribute value. The academic year is divided into two periods as semesters.

Kalippatti (PO) - 637 501, Namakkal (Dt)

The study subjects of the courses semester wise

Part – I : Tamil, Hindi, French, Telugu

Part – II : English

Part – III : Core, Allied, Elective, Practical, Internship, Project.

Part – IV : Non-Major Elective, Skill Based, Value Education.

Part – V : Extension Activities.

➤ Students Nominal Roll entry

The academically admitted students count is taken with the programme wise information.

➤ Exam application generation

After completion of Nominal roll enrollment, the programme wise exam application is generated and printout is taken and issued in the respective department.

➤ Exam time table preparation

Managing time-table manually involves calculated logic and distribution of periods among subject. Hence an automated software like COXCO to take care of all these tasks without any errors. The Data Sheet of the planned schedule for the examination that specifies the subject, Date and Session is generated to provide students a health space for preparation.

➤ Hall Ticket generation

After the entry of nominal roll Hall Ticket is automatically generated for the eligible candidate and printout is taken and issued in the respective department.

➤ Seating arrangements

Automated Linear seating arrangement is done with capacity of 26 students/per Hall from various departments.

➤ Internal Marks Updating

The distribution of marks for the continuous internal assessment in the Theory / Practical / Project for both UG & PG is collected department wise in excel format and updated.

➤ Central valuation - External Mark Updating

The External marks scored by student in ESE is entered simultaneously in central valuation and updated for the result process.

➤ Result processing

The result is processed after the entry of both CIA and ESE marks. The Automated result printout is generated after the entry of the above mention marks.

➤ Semester / Consolidate Mark sheet generation

ESE Mark Sheet will be generated with folio number after the result process. Automated generation of Consolidate Mark Sheet is done for the eligible candidates with the minimum pass of 50% in all the subjects after the completion of ESE in the 4th semester for PG and minimum pass of 40% in all the subjects after the completion of ESE in the 6th semester for UG respectively.

➤ Generation of eligible candidates list for award of Degree

The Excel sheet format for the award of degree of the eligible candidates after the successful completion of all the theory and practical examination with the minimum pass percentage is generated as per the University norms.
